Coffins

This brochure is designed to give you an indication of the many styles of coffin available. Everyone is unique and we believe the coffin should reflect the interests and individual qualities of the person who has died. The sections highlight the choices of material and design that are available. There are many more coffins to choose from within these ranges. Please ask the person helping you to arrange the funeral for more details about the full range of coffins available within each range.

Our solid traditional coffins are made by dedicated cabinet makers to ensure the highest standards using the best furniture-grade woods. They are suitable for burial or cremation. Their styling covers the traditional design of the Uist through to the unique Valentino, with the option of carved votive hearts on the lid.
